The atmosphere was relaxed yet engaging as the game unfolded, turning an unfamiliar sport into a night of pure enjoyment. One family described the evening as their best evening in Portage, a testament to how special the experience was. Beyond the game, it was a moment of community, connection, and shared memories made possible, thanks to Southport for bringing everyone together.

## A Major Investment in Sport & Wellness

A huge step forward for recreation and community development in the Portage la Prairie region! The Manitoba Government is investing \$5 million toward the new Portage la Prairie Regional Field House.

Planned for Southport, MB, this multi-sport indoor Field House will be a year-round hub for activity, featuring an indoor turf system and modular flooring to support a wide range of sport, wellness, and community programming.

This exciting project is a strong partnership between the City of Portage la Prairie, the Rural Municipality of Portage la Prairie, and Southport. Together with First Nations and community partners, the Field House will help strengthen local sport development, encourage active living, and support regional growth.

This investment represents more than infrastructure, it's about building a healthier, more connected region and creating opportunities for generations to come.

Stay tuned for more updates as the project progresses!
