Spring Has Sprung! Upgrades are Underway at Southport Golf Club

In March, Southport announced that the Southport Golf Club will be experiencing some changes. For the upcoming season, Southport will be assuming all operational and managerial duties regarding the course and the clubhouse. To celebrate all the new things happening at the golf club this year, early-bird pricing will remain in effect all season long!

This past season, the Southport Golf Club had some of the greatest course conditions yet. We will be taking measures to uphold this standard for years to come.

Southport has a proven Standard of Excellence in customer service and executing facility overhauls with the reconstruction and re-branding of the Central Plains RecPlex fitness facility, Southport Bowl and the

2020 Manitoba Airshow Grounded Due to COVID-19

In response to the growing concerns surrounding the rapid spread of COVID-19, the organizing committee of the Manitoba Airshow made the difficult decision to cancel the 2020 show, scheduled to be held at the Southport Airport on June 20 and 21.

As the host of the 2020 Manitoba Airshow, this was a difficult decision to share. The Manitoba Airshow committee is dedicated to providing the best show possible and given the present global situation, this would not be possible this year.

Although the show was not set to begin for another few months, for the benefit of guests and performers, the committee determined that the decision could not be left pending any longer. The health and safety of Manitoba Airshow guests, performers, volunteers and our community are paramount in the face of this pandemic.

On behalf of the committee, Southport would like to extend a heartfelt thank you to the guests, volunteers, performers, suppliers and sponsors for their support and efforts behind this year's show. The Manitoba Airshow committee has begun discussing options to hold this event in the future, once it has been deemed safe and reasonable to do so. Follow @manitobaairshow on social media or visit their website www.mbairshow.ca for the latest updates.
